Additional Risk Control Measures that apply to all activities assessed above include;

- Before the children start the activities they are given an induction talk by a member of staff or a Guide, this includes the safety rules they must adhere to.
- The Children are separated into small groups (3or4).
- One qualified Guide is assigned to each small group and is responsible for safety during the activities.
- All Guides are trained and regularly assessed, each guide receives a Lifeskills Guide Booklet, containing safety instructions for each of the activities.
- Qualified First Aid staff are always present and first aid boxes are located in the staff kitchen and main office. An AED is located in First Aid 2 scenario.
- All volunteers and staff in charge of groups of children have completed safeguarding training and Enhanced DBS checks.
